

# THE GIFT OF EDUCATION

A donation has been made in your name, helping UWS uphold every child's right to quality education.

The 'Gift of Education' will bring quality education where it is needed most, helping children living in the most challenging of environments tear down barriers to education, eradicate inequality, accelerate prosperity and build climate resilience.

## Children like Rose.

Rose, age 15, lives in Belavenoke on the southwest coast of Madagascar. Her father is a fisherman and her mother looks after her family. UWS Belavenoke School gave Rose the opportunity to go to school for the first time. Despite being older than many of her classmates, Rose is determined.

"I am already learning a lot of things. I especially like maths but I want to be able to speak French," shared Rose. "I go to school everyday and my parents say that they can see me getting smarter," she added proudly.

Thanks to you, Rose's future is starting to look very different and she has big dreams for her future.

**"I want to be a teacher so  
that I can share what I have  
learnt with others"**

UWS is a UK registered charity under number 1187721
